Global Digital Collaboration
1-3 September 2026

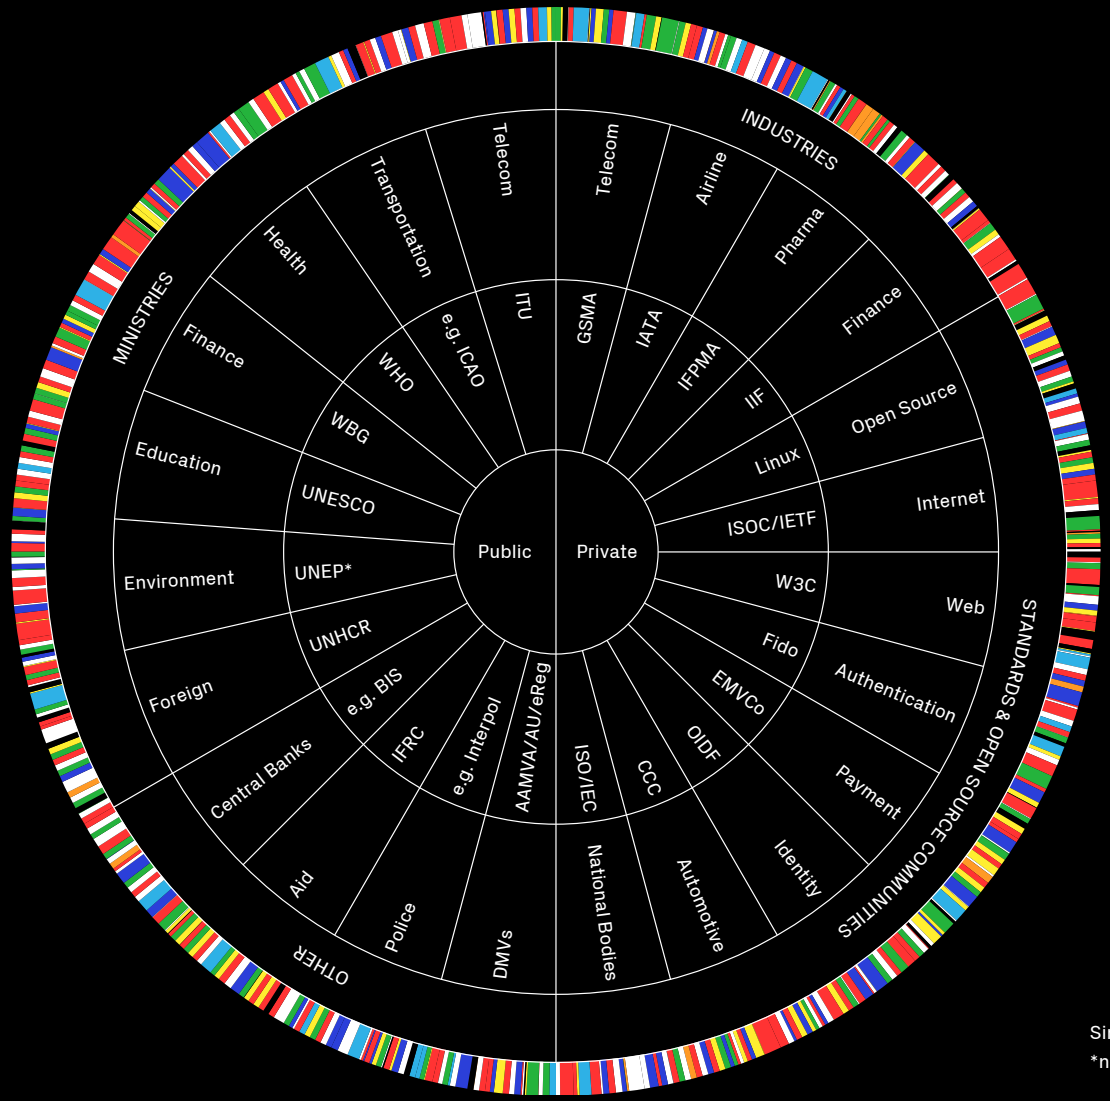
Hosted by

Schweizerische Eidgenossenschaft
Confédération suisse
Confederazione Svizzera
Confederaziun svizra

Swiss Confederation

Palexpo
Geneva, Switzerland

International organizations, industry associations, and standards and open-source foundations form the backbone of global digital governance. They cocreate the GDC agenda and convene their respective ministries, industries, and technical communities—enabling public and private stakeholders from all countries to align priorities and advance interoperable digital infrastructure together.



Simplified Illustration
*new in 2026

The Initial focus is on globally interoperable digital wallets and credentials with the following priorities:

Focus Areas Digital Wallets & Credentials

Global Age verification and children’s online safety

Global Trust Registries

Wallet certification and trust infrastructure

Cross-border interoperability

“A neutral platform where public and private sector leaders shape the future of the digital commons.”

The World Bank Group

Global Digital Collaboration

The GDC Council consists of
10 Countries, 10 Companies,
10 IGOs and 10 NGOs.
It provides guidance on
Co-Organizers and priorities.
