Council

The GDC Council advances dialogue to support trusted and interoperable digital infrastructure—including wallets, credentials, payment systems, and the use of cybersecurity and AI in these contexts—by bringing together UN Member States, companies, Intergovernmental Organizations (IGOs), and Non-Governmental Organizations (NGOs). Council members are expected to provide independent, non-binding advice to the GDC on the following matters:

- Overall strategy, priorities, and guidance
- Nominating co-organizers for the GDC Conference
- Proposing agenda items for the GDC Conference and the High-Level Meeting
- Discussing the annual budget and fundraising opportunities
- Facilitating special projects

Meetings follow the [Chatham House Rule](#), unless the Council agrees otherwise in advance, in accordance with its Terms of Reference ([Link to PDF](#)). Summaries of the Council Meetings are published here ([Link to a subpage](#)). The Members of the Council are as follows:

Summaries of Council Meetings

December 2, 2025

The inaugural Global Digital Collaboration Council meeting successfully established the Council, comprising four distinct groups: Member States, Intergovernmental Organizations, Non-Governmental Organizations, and Companies. The meeting addressed several strategic themes, laying the groundwork for future initiatives.

Key Outcomes

1. Adoption of Terms of Reference: The draft Terms of Reference, dated November 17, 2025, outlining the Council's operational framework, was reviewed and agreed upon.

2. Recognition of Chairs: The procedure for electing Group Chairs was outlined and endorsed. Voluntary expressions of interest for Group Chair positions were noted and accepted, with chairs confirmed by acclamation.

- Member States: x
- IGOs: x
- Companies: x
- NGOs: x

3. High-Level Meeting in Davos: Plans for a high-level meeting in Davos were confirmed for January 20, 2026, from 14:00 - 18:00 CET, to be held at the House of Switzerland. The primary purpose of this gathering, which includes ministers and senior representatives, is to focus on public-private partnerships for digital wallets and credentials across borders and use cases. All Council Members are encouraged to participate.

4. Conference in Geneva: Preparations for the GDC Conference in Geneva are underway, scheduled for September 1st-3rd, 2026, at Palexpo, Geneva. This conference aims to bring together over 2,000 representatives from the public and private sectors. A call for co-organizers will be published. Efforts are also being made to secure travel funding to ensure representation from Least Developed Countries.
